

GEORGIA DOWNTOWN ASSOCIATION MENTORING PROGRAM

INFORMATION & GUIDELINES

Updated May 2022

The Georgia Downtown Association (GDA), in partnership with the Georgia Department of Community Affairs (DCA) and the Georgia Municipal Association (GMA), offers a Mentoring Program for Downtown Professionals. The program is designed to assist newly engaged professionals as they become successful leaders for Georgia's Downtowns. This 12-month program pairs newer downtown professionals with a seasoned GDA member for intentional coaching and support. Mentorship provides the opportunity for those involved to learn, share best practices and growth through regular communication, mutual site visits, and connection to wider resources and relationships needed in downtown development areas. Following the completion of the program, participants are recognized at the annual Georgia Downtown Conference.

OBJECTIVES

GDA created this professional program because we believe:

- New downtown professionals need support in their efforts to meet the high expectations of the job.
- In order to understand the complexity of a comprehensive downtown development program, new professionals need good quality information regarding the common practices, rules, regulations, expectations, values, and core beliefs of Georgia's successful downtown programs.
- This program provides growth opportunities for both the mentor and the new professional.
- Providing a sound mentoring program will lead to increased retention rates of new professionals for municipalities, as well as result in higher quality programming for Georgia's downtowns.

Goals & Objectives of the program are:

- To provide a positive and successful introduction / occupational transition for new professionals.
- To promote the professional well-being of those new to the field of downtowns.
- To provide a structured program for new professionals through ongoing guidance, support, and strength.
- To promote excellence in management for the betterment of Georgia's downtowns.
- To build awareness of the culture of the profession.
- To increase mutual respect and collaboration among professionals.
- To increase retention of professionals in the field for municipalities.

OVERVIEW

The following is expected of all Mentor & Mentees:

- Attend the Mentor & Mentee Luncheon at the GDA annual conference
- Conduct initial site visit to mentee's community
- Goal setting for mentorship
- Monthly communication
- Site visit to mentor's community
- Final meeting to review the year
- Provide feedback to GDA board regarding the program
